

St David's Capital Campaign  
Commitment/Donation Form (10/21/19)

You are probably aware that there are needed repairs to the church. Council has recommended that we do a Capital Campaign to fund these repairs. The plan is to pay as we go with no debt. We need to have \$175-K by Spring of 2020 to avoid borrowing money incurring interest expense.

The repairs are for the following:

1. Windows, Lintels, Sandstone Sealing to prevent further damage to our building- \$175-K.
2. Nave painting and crack repair - \$10-K.
3. Carpeting in the Nave - \$12.5-K.
4. Carpeting for the Fellowship Hall - \$13.5-K.

Plus an additional \$42-K for contingency funding. Total of \$253-K.

Please remember that this money needs to be in addition to your regular monthly giving. We cannot have money taken from Regular Unified Budget to fund the Capital Campaign. We will not be able to fund the church's salaries, expenses, and regular operating costs.

Please prayerfully consider what you feel God is moving you to give. Any additional money given over the 3-year commitment will be put into St. David's Endowment Fund. Hopefully we can grow that account to fund future sealing of the sandstone and repairs and Ministry.
